Why would you like to be a research assistant in the Family Research Lab?

What are your plans after graduation?

If you were asked to participate, list all the semesters you would be available to work in the lab and how many hours per week you would like to work (1 research credit = 3 hours of work in the lab per week).

For the semester you are applying, please mark out the times you would **NOT** be available to work in the lab because of your school schedule or other obligations.
